

Crushpuppy ♡

a 24 hour time
project about
the people I
love / like most ♡

4/16 - 4/17

This is page one. Alias: Intro.

So this is my 24 hour issue.
I wasn't sure I'd be able to
come up with anything, but
I was talking to a friend at
work about how great love letters
are and... Crunkpuppy was
born. This took less time to
write than I thought and
was lots and lots of fun
to make. I hope you enjoy
reading it as much as I
enjoyed writing it.

Best wishes,
Sarah

dear family →

i love even your dark dirty secrets, the embarrassing quirks and gross habits because you're the ground under my feet.

My roots. My blood.

Someone told me once that God assigns your family to you to teach you certain, specific lessons. Sometimes I shake my fist angrily at the sky and wonder how many more lessons I have left to learn.

Sometimes I don't mind as much. I might not always like you or agree with you, but I will always love you.

page number two (stang for poop).

dear internet -

i love you for all you've
taught me and for knowing
everything about everything.

You provide an unending
resource for squillions of
people and let me
communicate with people I
otherwise might not get to know.

Big props to Al Gore for
inventing you.

Sincerely -
S.Ro.

dear cookies.

how can you taste

- so good -

and be so bad
for me?

i love you anyway
you're yummy little edible
clouds.

Mmm....

page 4 is the cookie page!

dear mix cds.

you get me where I'm
going faster and don't
laugh at me for singing
loudly and badly along.

You make my day more
bearable and expose me
to new bands and genres
of music.

Also, the people I trade
you with are some of my
favorite peeps.

Sincerely -
a big fan

dear boy.

i have the biggest platonic crush on you. I think it would be great to rest my head on you while we read quietly together for long, comfortable periods of time.

You are the boy version of me and if i knew you in person, I'd probably be much less comfortable with our friendship.

- Sarah

7

dear Lyn-

highschool sucks for everyone, but your life was made harder because you and i were friends. i've never said thanks for being there before, but i am now.

i didn't realize how much i missed having you in my life until I moved back.

You're one of the smartest people I know, Scientist. And you're the funniest person ever born.

Also: best hair ever. Fer shizzle.

- Mollie

dear Jody-

did you ever know that you're my hero? No. Seriously.

everything I ever learned about self-esteem (and food arts), I learned from you. So much of my history is tied up in our friendship.

do you know that i thought i'd die in Green Bay? your open arms probably saved my life, and there aren't words complex enough for me to thank you.

8 is great!

We don't really talk about the
mushy me'n' you stuff and i kind
of like that because I don't
like to cry and ... yeah, I would.

I love you. I'm proud of you.
I'm so very glad we're friends.

hi-fab-
Sarah

Postcard from Sarah (9)

dear ex-girlfriend

you did some crappy things.
We both did. I don't bear
you much ill will and
I hope you find the help
you need. I hope you find
some happiness.

To paraphrase Tina:
Thank you. The time we
spent together made me
stronger and more apt to
make good decisions for
myself.

Love -
Sarah

dear hannah -

you make me want to be a better person every day. you make me laugh with your randomness, bad singing and exhaustive cleverness.

you are so overwhelmingly beautiful that, at times, it's hard to see you.

this year is hard. waiting always is. but I'm learning patience and perseverance. I hope you are too.

I get crushes sometimes, I know you do too, and I think that's normal. You're the person I want to wake up with every morning. Forever and ever amen.

;) That's sort of scary, isn't it?

Thank you for your level-headedness,
and your wisdom.

For all of the jillion things I can't
even put into words that I love about
you.

Your touch reinvents me and being
your girlfriend lets me look forward
to our next big adventure.

With all my heart-

Sarah

lucky 13

dear ex-husband.

thank you for sharing my
life for so long. I'm sorry
that it ended badly.

thank you for loving
me so much, so hard that
I never doubted it.

I'd like to be friends
but i understand why it's
not an option.

I wish you happiness
and only the best.

Xo-
Shmooop.

dear girls who wear glasses -

you're often more beautiful
and intelligent than your
spec-less sisters and i
have a thirty second crush
on each one of you that
i meet.

you tickle my brain and
you coffee shinin' four-eyed gals are
often directly responsible for my
caffeine intake.

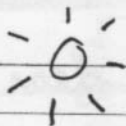

thanks for loving Velma
and Parvati as much as I do.

XOXO

- fellow nerd.

dear liddle cousins.

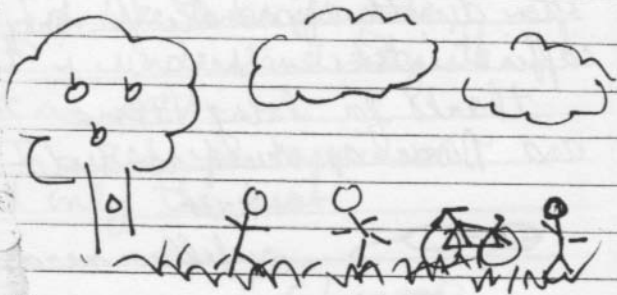

thanks so much for
lending me your energy
and creativity sometimes.

You remind me how much
funit is to go outside + play.
Having y'all around keeps me
young.

- Sarah

page fifteen is for bike + jump rope
lurve!

dear James Spader

like vintage wine, you have gotten better with age. Sometimes I just sit around and think about how much i hope your beautiful golden tresses never fall out or turn gray.

I regret, however, to inform you that I can no longer watch Boston Legal because it makes me have inappropriate dreams about you.

Best -
Sarah

Dear iJines -

you are the perfect format
to read in one sitting. Your
subculturiness lets me feel
cooler than I probably
am. You are a great
outlet and making iJines
lets me play with glue
and scissors and stuff.

Thanks for existing.

xoxo

Dear Hermes -

your blue is like sky
or sea and your speed
is unparalleled by any
bike I have ever ridden.

I look forward to our
trips together and hope that
you do too.

You make me feel free

dear people with
body mods...

you're bad...
walking temptation
bad...

you've made your bodies
your canvases and it gives
me a whole new appreciation
for art.

Dear Strappers -

you are the smartest,
best looking people on
the world wide web.

You provide me with
intelligent conversation,
advice, feedback and debate.

I learn a lot from
you guys. Plus, most of
you guys are into such
COOL music.

Twenty-one

dear Emma Thompson.

i think you are the best actress ever.
Not just for your magnificent
talent or your beautiful voice
but for your ability to mold
your self into the smart,
challenging roles you chose. Thank
you for limiting your media
exposure to stage and screen
and avoiding the tabloids.

You are the embodiment
of dignity.

Truly,
Sarah
